

**PRI Medical Technologies, Inc.** has been serving the medical community since 1973, providing the latest in laser and surgical equipment technology to hospitals, surgery centers, and physician's offices on a per case basis.

All equipment is delivered and operated by a trained and certified Radiologic Technologist with fluoroscopy permits who ensures compliance with all JCAHO guidelines.

**Benefits:** By renting by the case, your facility is relieved of any long term financial obligations. Each case booked with PRI will include a fully insured certified technician. No need to assign a valued member of your staff. Our trained technicians can offer clinical and technical advice, insuring your physicians and staff are well informed.

*Now available for rent on a per case basis...*

STORZ MODULITH SLX & F2 LITHOTRIPTER
