

Technical Data

Dimensions

Length (without Foot rest)	1680 mm
Width (without control panel)	900 mm
Height	1000 mm
Weight	380 kg

Electrical Specifications

Mains voltage	230 VAC $\pm 10\%$
Line frequency	50 Hz or 60 Hz
Power consumption	4,6 kVA

Pressure wave source (Therapy source)

Aperture Angle	84,5°
Focus distance	165 mm
Output Pressure Range	10 MPa – 100 MPa $\pm 20\%$
Focal Spot Size	28 mm \times 6 mm \times 6 mm
Swiveling range	100°

Patient Stretcher

Height adjustment	840 mm – 1200 mm
Lateral horizontal adjustment	+/- 70 mm (motor) +/- 85 mm (manual)
Cranio-caudal horizontal adjustment	+/- 228 mm (motor) +/- 243 mm (manual)

Water supply

Integrated water reservoir
No water connection or water drain required

Accessories

Ultrasound system
Remote X-ray control panel
Foot switch for moving the table in Z direction (height)
ECG-Monitor and Trigger system
